PT Amman Mineral Nusa Tenggara
West Sumbawa, West Nusa Tenggara

Subject : Cover Letter

Dear Sir/Madam,

I am writing to express my interest in the Fresh Graduate Program position at PT Amman Mineral Nusa Tenggara, as advertised on the JobStreet Portal. With a Bachelor's degree in Computer Engineering from Universitas Teknologi Sumbawa, Class of 2023, I am eager to contribute my skills and knowledge to your esteemed organization.

Upon reviewing the job description and qualifications, I am confident that my experiences align well with the requirements of the role. With a background in Internet of Things (IoT), I have gained valuable insights and practical skills in this field. During a recent freelance project spanning 2 months, I collaborated with a professor from Universitas Teknologi Sumbawa who was pursuing a doctoral program at Kookmin University in South Korea. My primary responsibility during this project was to develop an application for monitoring medical devices, designed to measure Oxygen levels, Heart Rate, temperature, and patient location. I firmly believe that the expertise I have acquired in this area will enable me to make meaningful contributions to your company's objectives.

Driven by my passion for IoT and my keen interest in PT Amman, I am confident in my ability to excel in the position. Enclosed, please find my CV and portfolio for your review and consideration. Thank you for considering my application. I am enthusiastic about the opportunity to discuss how my skills and experiences align with the needs of your team. I look forward to the possibility of contributing to the success of PT Amman Mineral Nusa Tenggara.

Sincerely,

Rizky Adi Ryanto
